

TITLE: SOFTWARE INSTALLATION VIA COVARIS WEBSITE

SonoLab software has been pre-installed in the computer purchased with the instrument. No further installation or configuration is required if the computer is purchased with an instrument. The latest versions of SonoLab are available at: <https://www.covaris.com/software-downloads/>

The screenshot shows the Covaris website's 'Software Downloads' page. At the top, there is a search bar and navigation links for 'MY ACCOUNT' and 'UNITED STATES'. Below the navigation bar, the page title 'Software Downloads' is displayed. A 'Latest Releases' section lists updates: 'April 2021 | SonoLab 7.2.1.38 available for the M220 and S-Series and SonoLab 10.1 available for the ML230', 'September 2020 | SonoLab 10 available for the R230', and 'March 2020 | SonoLab 8.5 available for the LE220-plus and LE220R-plus'. Below this, there are category cards for M-Series, S-Series, E-Series, L-Series, and R-Series, each with a brief description of the software provided.
